

Curso de Python

Nombre: Erick Cuichan

Curso: GR1CC

Curso completo de Python

The screenshot shows the 'Prueba Final' (Final Exam) results page. On the left, a sidebar lists course components with their completion status: 'Programa del curso' (100%), 'Proyecto Final' (100%), 'Encuesta de Fin de Curso' (100%), 'Fundamentos de Python 1 (PE1) Examen Final del Curso' (100%), 'Prueba Final' (100%, marked with a green check and '1 Requisito previo'), and 'Examen de certificación PCEP - Programador Python certificado de nivel inicial' (100%). The main area displays a large green progress arc indicating a score of 89%. Below the arc, it states: 'Has obtenido una puntuación de 89%. Enhorabuena, has aprobado el examen.' (You have obtained a score of 89%. Congratulations, you have passed the exam.). A green 'Reiniciar' (Restart) button is visible, along with a link for 'Evaluación de revisión' (Review evaluation). At the top, a navigation bar shows 35 questions (Q8 to Q35) and a 'Página de' (Page of) indicator.

Curso interactivo de Python

The screenshot shows 'Pregunta 33' (Question 33) in the 'Curso interactivo de Python'. The question asks: '¿Cuál es el comportamiento esperado del siguiente programa?' (What is the expected behavior of the following program?). The code provided is:

```
1 foo = (1, 2, 3)
2 foo.index(0)
3
```

Four options are listed: 'El programa provocará una excepción AttributeError.', 'El programa provocará una excepción ValueError.' (selected with a green checkmark), 'El programa provocará una excepción TypeError.', and 'El programa provocará una excepción IndexError.'. The sidebar on the left shows the same course progress as the previous screenshot, with 'Prueba Final' marked as completed.

Certificado de completar el curso de Python

Cisco
Networking
Academy

This certificate is awarded to

Erick Cuichán

for successfully completing

Python Essentials 1

offered by Networking Academy
through the Cisco Networking Academy program.

Lynn Bloomer
Director
Cisco Networking Academy

12 May 2026
Completion Date
